Mr. Robert P. Gordon
Acting Site Manager
U.S. Department of Energy
53 Bell Ave, Building 464
Upton, NY 11973-5000

Re: Brookhaven National Laboratory (Site ID: 152009)

Dear Mr. Gordon:

The New York State Department of Environmental Conservation and the New York State Department of Health (Departments) have reviewed the Phase 2 Work Plan for the Characterization of Per- and Polyfluoroalkyl Substances (PFAS) in Known or Suspected Firefighting Foam Release Areas, submitted July 31, 2018. The Departments find the work plan to be acceptable. Future work plans should include an Analytical Methods/Quality Assurance Summary Table as indicated in DER-10 Section 2.4(a)2v. Please contact me at (518) 402-9626 if you have any questions.

Regards,

Brian Jankauskas, P.E.
Project Manager
Remedial Bureau A, Section C
